152 mm (BleedBox)

148 mm (TrimBox)

# Front

## **Bleed: minimum 2 mm**

Parts of your project that are designed up to the edge of the page need to be extended into bleed. This area is cut off during the manufacturing.

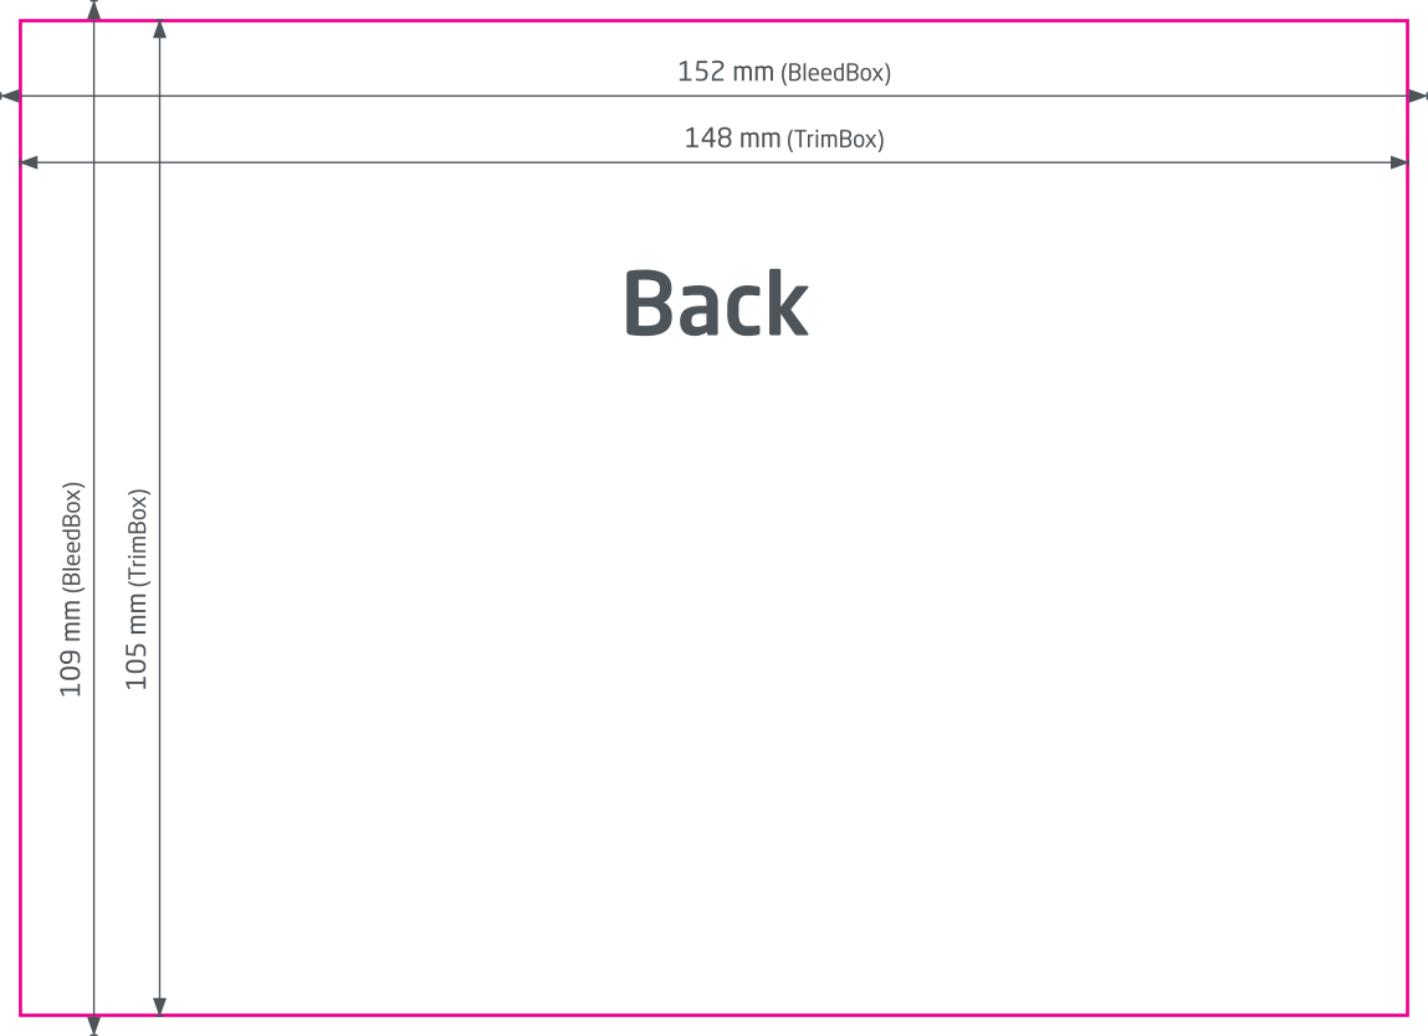

## **Open TrimBox:**

148 x 105 mm

## **Margins: minimum 3 mm**

It is recommended that no important texts or images are placed outside the inner margins set inside the TrimBox as well as out of the folding lines due to manufacturing tolerances.

**Make sure to remove the layout template  
from your print file!**
