

Inside

Inside

Bleed: minimum 3 mm

Parts of your project that are designed up to the edge of the page need to be extended into bleed. This area is cut off during the manufacturing.

Open TrimBox:

148 × 210 mm

Margins: minimum 4 mm

It is recommended that no important texts or images are placed outside the inner margins set inside the TrimBox due to manufacturing tolerances.

- Die cut
- - - Perforation/Creasing

Make sure to remove the layout template from your print file!
