Outside

Bleed: minimum 2 mm

Parts of your project that are designed up to the edge of the page need to be extended into bleed. This area is trimmed of during the manufacturing.

Trimbox:
536 x 391 mm

Margins: minimum 5 mm

It is recommended that no important texts or images are placed outside the inner margins set inside the Trimbox due to manufacturing tolerances.

— Die cut - - Perforation/Creasing

Make sure to remove the layout template from your print file!!!
