

A diagram of a business card layout. It features a central white rectangle with a pink border. The word "Title" is centered in the white area. On the right side, there are three text blocks: "Bleed: minimum 2 mm" with a sub-explanation, "Open TrimBox: 90 x 50 mm", and "Margins: minimum 5 mm" with a sub-explanation. At the bottom right, there is a pink rectangular box containing the text "Make sure to remove the layout template from your print file!". Dimension lines with arrows indicate the following measurements: 94 mm (BleedBox) for the total width, 90 mm (TrimBox) for the inner width, 54 mm (BleedBox) for the total height, and 50 mm (TrimBox) for the inner height.

94 mm (BleedBox)

90 mm (TrimBox)

Bleed: minimum 2 mm

Parts of your project that are designed up to the edge of the page need to be extended into bleed. This area is trimmed off during the manufacturing.

Open TrimBox: 90 x 50 mm

Margins: minimum 5 mm

It is recommended that no important texts or images are placed outside the inner margins set inside the TrimBox due to manufacturing tolerances.

Make sure to remove the layout template from your print file!

Business card | 90 x 50 mm | Landscape | Double-sided

54 mm (BleedBox)

50 mm (TrimBox)

94 mm (BleedBox)

The diagram illustrates the layout of the back cover. It features a central white rectangular area labeled 'Back'. This area is enclosed by a magenta border. Two horizontal dimension lines are positioned above the magenta border, and two vertical dimension lines are positioned to the left of the magenta border. The horizontal lines indicate a width of 94 mm for the 'BleedBox' and 90 mm for the 'TrimBox'. The vertical lines indicate a height of 54 mm for the 'BleedBox' and 50 mm for the 'TrimBox'. Arrows at the ends of these lines point to the respective edges of the boxes.
