

Page A

Page B

Bleed: minimum. 3 mm

Parts of your project that are designed up to the edge of the page need to be extended into bleed. This area is trimmed off during the manufacturing.

Open TrimBox:

1188 × 841 mm

Margins: minimum 30 mm

It is recommended that no important texts or images are placed outside the inner margins set inside the TrimBox due to manufacturing tolerances.

○ Die cut

Make sure to remove the layout template from your print file!
