

300 mm (BleedBox)

296 mm (TrimBox)

Back

Front

Bleed: minimum 2 mm

Parts of your project that are designed up to the edge of the page need to be extended into bleed. This area is cut off during the manufacturing.

Open TrimBox:

296 x 210 mm

Margins: minimum 5 mm

It is recommended that no important texts or images are placed outside the inner margins set inside the TrimBox as well as out of the folding lines due to manufacturing tolerances.

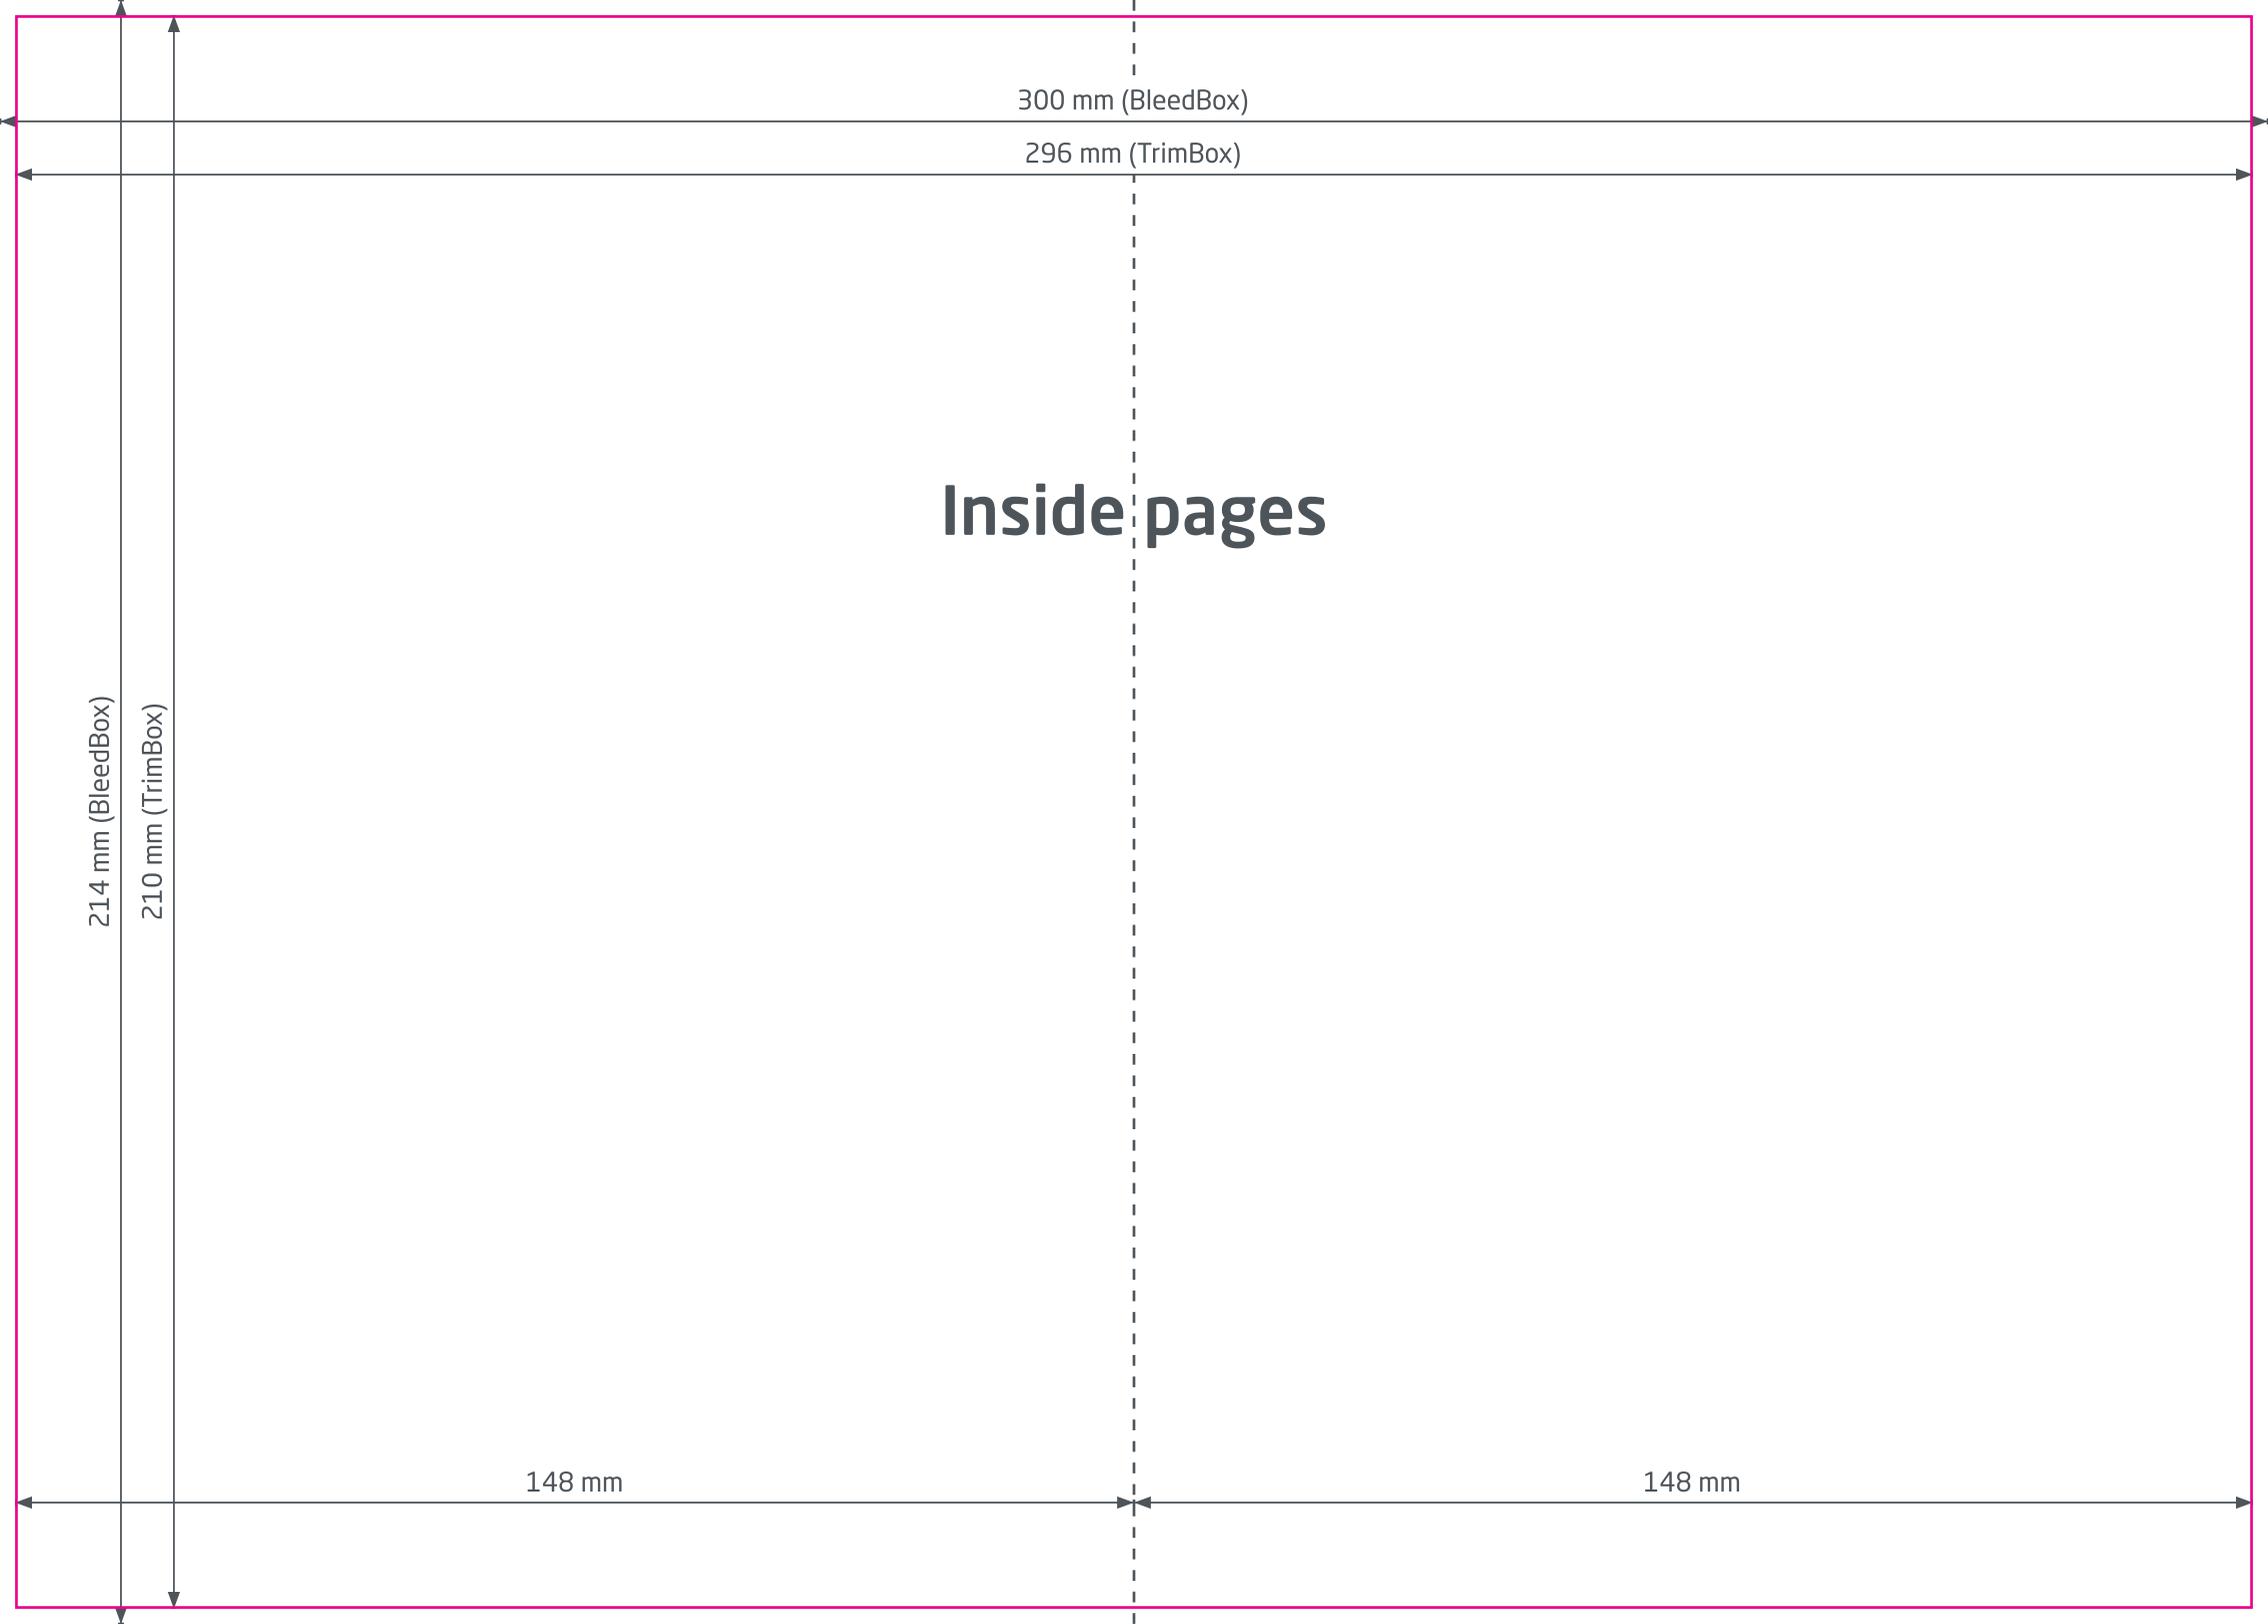

Make sure to remove the layout template from your print file!
